

Please make selection based on the grade student will enter in the fall.

## **ART, MUSIC & DRAMA**

### **#1 Let's Get Crafty! (Gr. 2-4)**

Join Mrs. Dillion as we have a week's worth of fun doing themed crafts each day using all types of materials! The themes will include space, animals, weather, sweets, and Summer! Come join our crafting fun! *Tasidee Dillion, Instructor*

### **#2 Make it, Take it Crafts (Gr. 2-4)**

Do you love to create various art projects? Roll up your sleeves and get ready to get messy! This class will give you the chance to paint, create, and design a variety of craft projects throughout the week. *Stacey Holycross, Instructor*

### **#3 New Art from Old Books (Gr. 2-4)**

Rip! Scribble! Voila! Let's destroy books & make something awesome from the pages and covers. Explore new art skills with make-and-take projects like framed pictures, paper sculptures, garlands, and more! Have no fear: only discarded library books will be harmed during New Art from Old Books. *Joanna Reser, Instructor*

### **#4 Painting with a Twist (Gr. 2-4)**

Students will paint pictures they draw with directed guidance. Pictures include characters such as Olaf, characters from Wish, Elemental, and more. Have fun painting with a twist of imagination. *Candace Wagner, Instructor*

### **#5 Rock, Paper, Scissors, CRAFT! (Gr. 2-5)**

Come get crafty! From paper, to rocks, to canvas & tiles, get your scissors & paint brushes ready for a week of creative fun! We'll make tile coasters, mini canvases, toilet paper jellyfish or snakes & more. Come join the crafting fun!!! *Wendy Rutan, Instructor*

### **#6 Take Center Stage (Gr. 2-8)**

You will learn basic dance moves and then create your own choreography for a performance. *Amber Showers, Instructor*

### **#7 Creative Visions (Gr. 3-8)**

Are you creative? Do you like to experiment with a variety of art mediums such as string, paint, glue, crayons, beads, and more? Then the Creative Vision is for you! Let your uniqueness shine through masterpieces. *Stephanie Barnes, Instructor*

### **#8 Cultural Creations & Cuisines (Gr. 3-8)**

Create and learn about art from around the world. Work with different materials and learn techniques about how art is created around the world. Enjoy cultural snacks while making you make your creations. So let's explore new places and try new things! *Lori Wilson, Instructor*

### **#9 Friendship Bracelets and Bows (Gr. 4-6)**

Love making crafts? What about crafts you can wear? Learn how to make fun bows and cool patterned friendship bracelets to match your BFF's. *Ashtyn Jackson, Instructor*

### **#10 Pretty Hair, Don't Care (Gr. 4-6)**

Learn a variety of hairstyles that are fun and simple to do! This course will include perfecting various braids, claw clip styles, curling techniques, and more! *Laura Mobley, Instructor*

### **#11 Why Knot Macrame? (Gr. 4-8)**

In "Why Knot Macrame," you will learn how to make your own beautiful wall hangings, plant hangers, dream catchers, key chains, bracelets, book marks and more by simply tying various knots in cords? This is such a fun hobby with endless possibilities. Come join us and discover the fun of this ancient art. You will go home with the projects you create throughout the week. *Nancy Forsythe, Instructor*

### **#12 Woodcraft Wonders (Gr. 4-8)**

Discover the full power of your hands by building a birdhouse. Hammer, saw, screw, sand, & drill to your heart's content as you turn a pile of wood into a work of function & beauty. You will design & decorate using paint, stain & even dabble in some wood burning. Take your birdhouse home & enjoy your new skills and hard work. *Tamara Frazier, Instructor*

Please make selection based on the grade student will enter in the fall.

### **#13 Learn to Crochet (Gr. 4-8)**

Learn basic stitches to make all kinds of fun items. Hats, gloves, blankets and scarves. Easy to take along on car rides, planes, and vacations. Possibilities are endless.

*Johni Whitaker, Instructor*

### **#14 Guitar for Beginners! (Gr. 5-8)**

Do you have an interest in playing guitar? This course will introduce you to the guitar and teach you some basic skills. No need to bring your own guitar: one will be provided (or bring your own). You will learn several chords and be able to play a song by the end of the week. Limit of 12 students.

*Alonzo Stotler, Instructor*

### **#15 Make World Music (Gr. 5-8)**

Do you love music? What about world cultures? Come learn about both as we watch and listen to music from all around the world and create our own instruments to play and take home. We will study places such as Scotland, Australia, Africa, China, Spain, and even the USA! *Shannon Peterson, Instructor*

## **HEALTH & WELLNESS**

### **#16 Summer Unplugged (Gr. 2-4)**

Swap screen time for face time! Get ready for a week packed with theme activities and explorations. Participate in your own field day, make your own carnival games, engineer and launch rockets, tie-dye, create bird feeders, woodworking, etc. You will learn many fun things that you can do all summer long. When you sign up for this class, you will have so much fun, you will not want to leave! *Jessica Hilbun, Instructor*

### **#17 Tennis Anyone? (Gr. 2-8)**

Grab your shoes get ready to play! Whether you're a beginner or have experience, this program will improve your game and help you learn the fundamentals of tennis while having a lot of fun doing so. Tennis racquets will be provided for each student, or you can bring your own. *Jason Calton, Instructor*

## **LANGUAGE ARTS**

### **#18 DC, Marvel, and Me! (Gr. 2-8)**

Have you ever read a comic or graphic novel and thought, "I can do that!?" Well, now you can! Join us for a week filled with reading, writing, drawing, & creating--making your ideas come to life, digitally or on paper. By the end of the week, you'll be on your way to creating your very own graphic novel or comic! *Kate Smith, Instructor*

### **#19 WPKO Be a Sports Broadcaster (Gr. 6-8)**

Dive in to the world of sports radio broadcasting. Learn to call the play-by-play of a live baseball game. Train using a baseball video game & learn skills of interviewing players & coaches. Create a real sports podcast, and help deliver the play-by-play of a live baseball game one evening at Blue Jacket Park. Plus you never know what surprise guests might stop by. Class size is limited, so sign up now! *Chad Wilkinson, Instructor*

## **SCIENCE**

### **#20 Gotta Grow (Gr. 2-3)**

Join this class for a horticultural dream! Together, we will plant and cook with herbs. We will design and paint pots for your plants. Don't forget to bring your green thumb! *Heather Evans, Instructor*

### **#21 Tiny Wizards (Gr. 2-4)**

Hop on the 9 3/4 platform with your paintbrush in hand & ride the Hogwarts Express to Wizard Art 101. We will take a creative trip through Hogwarts, making potions, wands and more! It will be a magical week! *Jennifer Jervis, Instructor*

### **#22 Dreaming of Disney (Gr. 2-5)**

Head to Disney World with us for the week to discover different theme parks each day. Enjoy snacking on a favorite park treat... try the grey stuff. It's delicious! Make sensory slime or dough based on a favorite thrill ride each day! End your visit with a team challenge. How far can you launch Buzz Lightyear? Can you build a boat to hold Maui afloat? Join this class, and let the magic begin! *Lauren Burkhardt, Instructor*

Please make selection based on the grade student will enter in the fall.

### **#23 Let's Go to the Beach (Gr. 3-4)**

Come explore under the sea with a mix of playful ocean activities even though we're not near the ocean! Explore dissolving seashells, seashore slime, and other fun science activities!!! No swimwear required! *Brianne Hughes, Instructor*

### **#24 Unleash Your Inner Equestrian Spirit & Enter the World of Horses (Gr. 5-8)**

Have you ever dreamed of working with, riding, or owning a horse? Come and participate in learning about the world of horses; what breed and type of riding might be the best fit for you, and finding information on clubs, competitions, or organizations available to help make your dreams come true. Wrap up the week with personalized vision boards focused on your horse dreams! *Darcie Jenkins, Instructor*

### **#25 Science Mania (Gr. 3-5)**

Do you love science? Do you love participating in science experiments? Join in on the science fun and become a scientist for the week! We will be doing lots of hands-on science experiments and having lots of fun! *Kylie Croston, Instructor*

### **#26 SENSEsational Science (Gr. 3-5)**

Clean hands not allowed! Scientists will use their senses to explore and concoct the messiest, stickiest, and slimiest experiments! Enjoy making a fun snack each day! Become a chef and get elbow deep in a mud kitchen! Sticky, slimy, and muddy fun awaits! If it's a mess you're making it and maybe eating it too! *Lucy LeVan, Instructor*

### **#27 Super Slimy Science (Gr. 4-6)**

Do you love making & playing with slime? Do you dream of being a scientist and conducting experiments? Then join us as we explore many types of slime and the science behind them! We will conduct many exciting and slimy science experiments as we learn what it means to be a scientist! *Andrea Torsell, Instructor*

### **#28 Lotions, Potions, and Slime (Gr. 4-6)**

Ooey-goey fun abounds! Explore properties of matter and basic chemistry as we make fluffy slime, unicorn poop slime, magnetic slime, butter slime, and more. On top of that, we'll become our own bath and body store, exploring and inventing lotion, lip balm, and bath bomb recipes. Come! Join the messy magic! *Ashley Reser, Instructor*

### **#29 Hook, Line and Sinker! (Gr. 4-8)**

Do you love fishing? Do you want to catch the "big one"? Then gear up and get outdoors! Become better-equipped through science to be a successful angler! Let a professional in both education and fishing build your understanding of food webs, tackle selection, and map reading so you can be the best angler on the water! The class will end with a Pro Day on the lake! *Ryan Kerns, Instructor*

### **#30 Platform 9 3/4 (Gr. 4-8)**

Are you a Harry Potter fanatic? Get your wands and robes ready to start an adventure into Hogwarts! We will play Quidditch, make our own wands, try some Diagon Alley approved snacks, make our very own potions, and much more! Join in the wild wizardry as we jump into the land of Harry Potter! *Kim Brown, Instructor*

### **#31 Sharks! (And Other Fish) (Gr. 4-8)**

Dive into the fascinating undersea world of sharks through a thoroughly hands-on exploration of their anatomy via the dissection of a spiny dogfish, the shark family's most populous member. We will also compare and contrast cartilaginous fish anatomy with that of bony fish by dissecting a yellow perch. Other activities will include an exploration of density and buoyancy. *Bruce Smith, Instructor*

## **BUSINESS**

### **#32 Join the Babysitter's Club (Gr. 6-8)**

Have you considered babysitting but don't know where to begin? This course will give tips and tricks on how to be a successful babysitter for a variety of ages. *Alicia Pickering, Instructor*

Please make selection based on the grade student will enter in the fall.

### **#33 Biztown Adventures! (Gr. 5-8)**

Anyone of almost any age, can start a business! Welcome to the world where creativity meets business! Get ready for a week full of inspiration, hands-on learning, and the chance to turn your big ideas into reality. From brainstorming unique business concepts to developing a business plan, our campers will gain a firsthand understanding of what it takes to be a successful entrepreneur. *Robin Loudon-Henry, Instructor*

## **TECHNOLOGY**

### **#34 The Wonderful World of Science & Engineering (Gr 3-6)**

Do you love a good challenge? Do you enjoy designing and building things out of ordinary objects? We will have contests and challenges as you incorporate your best ideas. Can you design and build a structure that holds weight....using straws? Can you make the St. Louis Arch with pennies?! Put your ideas to the test in The Wonderful World of Science & Engineering! *Becky Lentz, Instructor*

### **#35 Roaming in Robotics (Gr. 6-8)**

Come join me in Designing, Creating, Building and Programming a Vex V5 Robot. You will have a week to make a Robotic Car design that uses a push button to start and can race across the finish line FIRST. Come have some fun using the metal vex V5, the hardware and the software to program and code your robot to race, dance and have a little fun. *Sandi Chervenak, Instructor*

### **#36 Build, Program, Compete (Gr. 3-5)**

Are you interested in learning about robots? This course will teach you entry-level information about VEX Robotics (Bellefontaine's competitive robotics program). Develop problem-solving, collaboration, and programming knowledge with us through multiple interesting, thought-provoking challenges! *Jordan Reser, Instructor*

### **#37 STEM to the MAX (Gr. 4-5)**

Are you interested in creating, designing, and testing? Use the Engineering Design Process to explore robots including Dash, Cue, Cubelet, Ozobot, and Spike. They are waiting for coders like you to make them move and do anything you set your mind to. You will also experience the PBS STEM kits "Superpower" and "Solar System." STEM to the MAX will give you a different creating, designing, and testing experience for five days in a row... let's go! *Gretchen Powell, Instructor*

## **SOCIAL STUDIES**

### **#38 Native American Culture (Gr. 4-8)**

The History and making of many tools used by Native Americans from Paleo to Current Cultures. *William Davis, Instructor*

### **#39 Mansion Living is for Me! Orr is it? (Gr. 3-5)**

Have you ever wondered what it would have been like to live in the Orr Mansion at the Logan County History Center? Experience what it was like to live in the early 1900's to the roaring '20's. From Teddy Bears to Hershey Kisses- experience the games, music, crafts, food, & fun of this time period! From dancing in the ballroom to refreshments on the porch, even the parts closed to the public will be visited! Become a Young Historian so you can say "I made history"! *Amy McCormick, Instructor/Todd McCormick, Director of LCHC*  
**Location:** Logan County History Center at 521 East Columbus Ave. in Bellefontaine. Transportation to and from is required.

### **#40 My Big, Greek Week (Gr. 2-8)**

"It's all Greek to me," will be a saying of the past once you take this class. We will eat authentic Greek foods, learn the alphabet and common phrases, awesome mythology and Greek gods, and create our own Greek art. Transport yourself to a new world, and *ta leme ekei*-see you there! *Sheridon Storm, Instructor*

# 2024 SUMMER ENRICHMENT ACADEMY: LOGAN COUNTY

## June 10-14, 2024

### Registration is now online!

Classes will fill on a first-come, first-served basis. Once a class is full, it will no longer appear as a registration option. Students will choose three classes in case their first choice does not meet participation limits. SEA Reserves the right to: cancel a course due to insufficient enrollment; schedule a student to any designated choice; and/or remove any student who presents a discipline problem.

To register: Scan the QR Code at the right with your phone or visit [www.bit.ly/SEACAMP24](http://www.bit.ly/SEACAMP24) on the web!

**The registration fee is \$65 (non-refundable)**

Thanks to our generous sponsors, students on the Free and Reduced Lunch Program have a reduced cost of \$20 per student to attend.

**Note:** Class assignments will be sent home with your child and also emailed to the email address provided by **May 17, 2024**.

#### For registration help, please contact one of our SEA Coordinators:

Erica Baer, Midwest Regional ESC  
ebaer@mresc.org, 937-599-5915 x. 7004

Angie Horvath, Bellefontaine City Schools  
horvath@bcs-k12.org, 937-593-0545

Sally Stolly, Benjamin Logan Local Schools  
stollys@benjaminlogan.org, 937-593-9211

Kelli Tebbe, Indian Lake Local Schools  
tebbek@ils-k12.org, 937-686-8601

**See you at SEA 2024!**

**Follow us on Facebook @SummerEnrichmentAcademy!**

**June 10-14, 2024**

**9:30 a.m. – 11:30 a.m.**

**Bellefontaine High School  
555 East Lake Avenue  
Bellefontaine, Ohio 43311**

Summer Enrichment Academy is designed to provide academic and creative challenges for gifted or highly motivated students entering second (2nd) grade through eighth (8th) grade (in the fall of 2024).

**REGISTRATION DEADLINE:  
FRIDAY, April 10, 2024**

**By May 17, 2024**, class assignments will be sent home with students.

SEA is coordinated by Bellefontaine City Schools, Benjamin Logan Local Schools, Indian Lake Local Schools, and the Midwest Regional Educational Service Center.
